

**Georgia Chapter**

June 25, 2010

To Whom It May Concern:

H B Training and Consulting has been a member of Associated Builders and Contractors, Inc., since 1999, and has been conducting training for our association since that time. ABC of Georgia represents 200+ commercial and industrial contractors, suppliers and service firms, representing more than 15,000 employees. The knowledge of the HBTC training team and the quality of instruction have remained high, even as the company has grown and expanded over the years.

Today, H B Training and Consulting teaches as many as 15-20 classes for ABC of Georgia annually, and in addition teaches private classes for several of our member companies, including Goodwill Industries. Their training has expanded beyond safety, with courses offered in construction management and supervisor training – both technical and soft skills.

We continue to rely on H B Training and Consulting for quality training, and can always count on their instructors to be knowledgeable, prepared, courteous, punctual and trustworthy.

Please let me know if I can provide additional assistance or information.

Sincerely,

A handwritten signature in black ink, appearing to read 'Pat Dunwoody', is written over a faint, illegible background.

Pat Dunwoody, LEED AP  
Vice President of Education
