Subject: Fw: Professional Construction GF-Supervisor Class

Mark,

I have noticed an immediate improvement as my supervisory team implements what they have learned during the class. They have commented to me how helpful this was to them and are looking forward to future classes and opportunities for professional development. It is my hope that the companies and regions of Utilicon Solutions contact HBTC so they might benefit from this training as we have.

Thank you,

Jerry Sturgill

Subject: Professional Construction GF-Supervisor Class

UtiliCon Construction Managers:

Recently, I observed a class on Professional Construction Management held by Jerry Sturgill in Region 110 for his GF's and Supervisors. This two day class was facilitated by HB Training & Consulting and is accredited by the National Center for Construction Education and Research (NCCER). All participants get a certification from the NCCER.

I found this to be a very worthwhile class that was beneficial in improving the skill-set of the GF's and Supervisors who attended at a very reasonable cost.

Attached is a flier the describes the class in greater detail. If this is something you may be interested in for your Management Team, you can contact HBTC directly(contact information is on the flier), or contact me and I will facilitate the contact for you.

Respectfully,
Joe
